Our Teaching Belief

You never teach a subject, you
always teach a child. You teach
children in a way that they will
learn, and then things will fall in
place for them.

—Dorothy Height

I am not teaching Math or English
I am teaching the child,
your child
I am teaching them about what is
important in life,
to be the best that they can be,
to be what they have yet to be.

DISCIPLINARY APPROACH

- All students are held to the same disciplinary standards in school.
- Discipline ≠ punishment
- Students with SEN are not free from the consequences of their actions, but may require differentiated consequences.

What is considered logical or meaningful (i.e. makes sense to the student)?

Logical Consequences help students to:

- take responsibility
- develop self-control
- take actions that are likely to result in effective learning and behavioural change

Punishments may result in students:

- focusing on how badly they are being treated
- having increased anger
- performing inappropriate behaviours behind your back

Key points to note for DSA

DSA is:

- An option for the child and parent, it is not a must.
- Dependent on the criteria decided by secondary school, based on their needs.

DSA is NOT:

- for students who merely want to enter the Secondary School but have no interest in the area.
- a guaranteed entry. There is a minimum score to meet.

The best way to prepare your child for DSA is to know your child's area of talent and passion, and to spend time to grow in it. It requires commitment. Do encourage your child to stay and grow in their CCA.

Key points to note for DSA

- More information on DSA can be found at the following site: <https://www.moe.gov.sg/secondary/dsa>

KEY DATES

Jan to May

Explore school choices

Schools offer different talent areas and each has its own selection process and schedule. Visit the schools' websites for more information. They generally update the information by late April.
