What is zoom ?

Zoom is a software that allows people to have video conferencing and chat.

The screenshot shows the Zoom for Education website. At the top, there is a dark navigation bar with links for 'REQUEST A DEMO', '1.888.799.8854', 'RESOURCES', and 'SUPPORT'. Below this is a white header with the Zoom logo and links for 'SOLUTIONS', 'PLANS & PRICING', 'CONTACT SALES', 'JOIN A MEETING', 'HOST A MEETING', 'SIGN IN', and a blue button that says 'SIGN UP, IT'S FREE'. The main content area features a large image of a man sitting on a couch, using a laptop and wearing headphones. To the left of the image, the text reads 'Zoom for Education', 'Helping to build today's collaborative classrooms', and 'Flexible plans starting at \$150/month for 20 hosts package'. Below this text are two buttons: 'Request a Demo' and 'Buy Now'. At the bottom of the page, there is a section titled 'Modern learning for the modern student' with a paragraph stating 'Zoom helps universities and schools improve student outcomes with secure video communication services for hybrid classrooms, office hours, administrative meetings, and more.' and a blue 'Help' button.

Features on the free version of Zoom are sufficient for your home-based learning. It is not necessary to pay for the additional features.

How do I get the Zoom app on my device?
